## **DETAILED ACTION**

### ***Response to Amendment***

The amendment filed on 7/18/2007 has been entered.

### ***Examiner's amendment***

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 21 and 22 are dependent on a canceled claim 3. Since the amended claim 1 now has the claim limitation of canceled claim 3, Claims 21 and 22 are amended to depend on claim 1. The first phrases of claims 21 and 22 are amended as following:

Claim 21: The display panel of claim 1 [[3]], wherein ...

Claim 22: The display panel of claim 1 [[3]], wherein ...

### ***Allowable Subject Matter***

Claims 1, 4-8 and 21-24 are allowed. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the prior art of record does not teach or suggest the invention of an active matrix organic electroluminescent display panel having a pixel structure layer which includes an active device matrix and an anode pattern layer, an organic light emitting layer which includes a first, a second, and a third organic light emitting layer, a cathode layer which includes a first, a second, and a third cathode pattern, the first, second and the third cathode patterns being

disconnected from each other, each cathode patterns being electrically connected to a first, a second, and a third voltage respectively, the voltages being different from each other, a first, a second, and a third cathode lines electrically connected to the first, the second, and the third cathode patterns respectively, wherein the first, the second, and the third cathode lines are sandwiched between the pixel structure layer and the organic light emitting layer, along with other claimed limitations. Claims 4-8 and 21-24 are allowed due to claim dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
